Call for Participation

We invite you to join us in 6th International Conference on Data Mining & Knowledge Management (DaKM 2021)

This conference will provide an excellent international forum for sharing knowledge and results in theory, methodology and applications of Data Mining & Knowledge Management. The Conference looks for significant contributions to all major fields of the Data Mining & Knowledge Management in theoretical and practical aspects. The aim of the conference is to provide a platform to the researchers and practitioners from both academia as well as industry to meet and share cutting-edge development in the field.

Highlights of DaKM 2021 include:

- 9th International Conference on Artificial Intelligence, Soft Computing (AISC 2021)
- 9th International Conference on Signal, Image Processing and Pattern Recognition (SIPP 2021)
- 10th International Conference on Parallel, Distributed Computing Technologies and Applications (PDCTA 2021)
- 6th International Conference on Software Engineering (SOEN 2021)
- 6th International Conference on Networks, Communications, Wireless and Mobile Computing (NCWMC 2021)
- 11th International Conference on Computer Science and Information Technology (CCSIT 2021)
- 2nd International Conference on Natural Language Processing and Computational Linguistics (NLPCL 2021)
- 2nd International conference on Integrating Technology in Education (ITE 2021)
- 2nd International conference on Big Data, Machine learning and Applications (BIGML 2021)
